RUXUE LIU SNOW

ABOUT

Hi guests, my name is Snow Liu. I am an international student from China in Simon Fraser University. It is fluent on both English and Mandarin. Also, as an Interactive Arts and Technology (SIAT) student, it is a great chance to well know different design software for me. With plenty of practice on team work in school, I am well-organized, friendly in a group, and good enough to communicate with team members. Last but not the least, keeping a sense of curiosity and keeping working hard are secrets to keep my life progress.
